Study in Latvia

On Monday, March 21, 2022, *Study in Latvia* has launched consultations at the Riga City Council's support center for Ukrainians at the former Riga Technical University building, Kaļķu iela 1 - room 114, 1st floor on the left.

Study in Latvia is providing consultations about continuation of the started studies in Ukraine. The scope of these consultations are related to this semester at the Latvian higher education institutions. Furthermore, information is given about full degree studies, helping students to find the appropriate study programme and referring them to the relevant Latvian higher education institution. In addition, information on Latvian state scholarships is provided.

Consultations are available during the working hours of the center on weekdays from 9:00. - 18.00.
