D. 2. 3. Background and Experience

Please briefly present your Institution (e.g. its type, size, scope of work, areas of specific expertise, specific social context and, if relevant, the quality system used). (limit 5000 characters).

Please briefly present the partner organization:

The Private School of Debi Akademi is a private company specialized in training and educational areas: languages, sports, culture, environment, quality, new technologies, acting in the field of the public benefit and running a private school including kindergarten, primary, elementary department.

Its mission is: as an educational institution that grounds on school-family collaboration and student-centered approach, in reliance of the basis of qualifications and skills needed in our age in educational activities, **to raise intellectual individuals who are equipped with national and universal values**

Its vision is: to become a model school for the 21st Century that will grow up happy individuals, who have highly qualified and leading capacity with "Student-Centered" Approach, based on national and universal values, innovative, rational, principled and scientific methods.

TARGETED SKILLS AND QUALITIES

We aim that a student will be able to say;

I can express myself.

I can do presentations.

I can develop projects.

I can do teamwork.

I can deal with problems.

I have the quality of speed reading and understanding.

I can speak foreign languages.

I have the quality of analytical thinking.

I can do research.

I learn history.

I can design.

I can use technology.

I can develop technology.

The priorities are: supporting social, informative, cultural, scientific and educational activities for children in order to develop democracy, science, culture and arts, supporting development in terms of active community life, science and cultured, reinforcing cooperation with European countries in accordance with the above-mentioned objectives.

The school implements its objectives by: initiating and supporting research and informative programs, scholarships and sponsoring projects, exchange programs, theatre performances, exhibitions, authors' meetings, lectures, magazines, journals, books, picture books, records, sporting annual events, expeditions, courses and trainings.

OUR ACADEMIC UNITS AND CAPACITY

The total student capacity in primary and secondary school units is 414. The Private School of Debi Akademi provides education for pre-school children between 48-66 months, for primary school children between 6-10 ages (1st, 2nd, 3rd, 4th) and for secondary school children between 10-14 ages (5th, 6th, 7th, 8th).

What are the activities and experience of your institution in the areas relevant for this project?

We have been active in the field of education and training and our main target group is the children with different ages.

We would like to take part in the projects;

- to enhance the European dimension of education in our organization by promoting joint co-

- operation activities with organizations from different European countries,
- to give youngsters and trainers in an opportunity to work together with youngsters and trainers from different countries,
- to provide active participation of our learners in international activities,
- to help our learners to acquire and improve skills not only in the topic or subject area on which the project is focused, but also in terms of teamwork, social relations, planning and undertaking project activities and using information

What are the skills and/or expertise of key persons involved in this project?

Dr. Mevlüt Aydoğmuş : He studied in Necmettin erbakan University, Faculty of education between 1996-2000. He finished his master's degree and Phd in the field of Educational programs (Curriculum Development). He has experience of different EU granted projects like Lifelong Learning (Comenius, Grundtvig, Leonardo, Erasmus) and youth programs.
