1. Eligible countries: described in [Annex A of the Work Programme](#).

A number of non-EU/non-Associated Countries that are not automatically eligible for funding have made specific provisions for making funding available for their participants.

2. Eligibility and admissibility conditions: described in the [MSCA part of the Work Programme](#).

Proposal page limits and layout: please refer to Part B of the proposal template in the submission system below.

3. Evaluation:

- **Evaluation criteria, scoring and thresholds** are described in [Annex H](#) of the Work Programme. The award criteria and evaluation procedure specific to Marie Skłodowska Curie Actions.
- **Submission and evaluation processes** are described in the [Online Manual](#).

The maximum length of a proposal is 10 pages, excluding the CV of the researcher and the annexes.

4. Indicative time for evaluation and grant agreement:

Information on the outcome of evaluation: maximum 5 months from the deadline for submission.

Signature of grant agreements: maximum 8 months from the deadline for submission.

5. Proposal templates, evaluation forms and model grant agreements (MGA):

Supporting information can be found in the [Guide for applicants](#)

Specific rules and funding rates are described in the [MSCA part of the Work Programme](#).

[Standard proposal template](#)

[MSCA standard evaluation form](#)

[MGA MSCA IF – Mono-Beneficiary](#)

[Annotated Grant Agreement](#)

6. Additional provisions:

[Horizon 2020 budget flexibility](#)

[Classified information](#)

Not applicable - this is a mono-beneficiary action.

7. Open access must be granted to all scientific publications resulting from Horizon 2020 actions.

Where relevant, proposals should also provide information on how the participants will manage the research data generated and/or collected during the project, such as ensuring it is accessible for verification and re-use, and how it will be curated and preserved.

Open access to research data

The Open Research Data Pilot has been extended to cover all Horizon 2020 topics for which the submission is opened on 26 July 2016 or later. Projects funded under the pilot must decide to opt-out under the conditions described in [Annex L of the Work Programme](#). Projects can opt-out at any stage, that is both before and after the grant signature.

Create a Draft Proposal

Please enter the following information to create a draft proposal. Please note that fields marked with a star (*) are **mandatory**.

It is highly recommended to submit your proposal as early as possible and at least 48 hours prior to the deadline of this call. This will avoid being confronted with incompatible local IT configuration settings shortly before the call deadline, when insufficient time would be left to handle it. There is no reason in delaying the submission for confidentiality concerns as the system does not allow any access to the proposals before call deadline or cut-off (other than to selected data that is part of the Submission and Evaluation of Proposals Assent Disclaimer).

You can submit the proposal as many times as you wish up to the deadline. Every submitted version will replace the previously submitted one.

B daļa- projekta pieteikums

Part B-1:

The **maximum** total length for this document is **10 pages**. It should be composed as follows (detailed description below):

- Section 1: Excellence
- Section 2: Impact
- Section 3: Implementation

Of the **maximum 10 pages** applied to sections 1, 2 and 3, applicants are free to decide on the allocation of pages between the sections. However, **do NOT add a cover page** as the overall page limit will be strictly applied: after the call deadline, **excess pages will automatically be made invisible, and will not be taken into consideration by the experts**.

It is the responsibility of the applicant to verify that the submitted PDF documents are readable and are within the page limit. PDF documents can contain colours.

Part B-2:

Part B-2 must contain sections 4-7 as described below. **No overall page limit** will be applied to this document...

- Section 4: CV of the experienced researcher (indicative length: 5 pages)
- Section 5: Capacities of the participating organisations (indicative length: 1 page for the overview and 1 page for each participating organisation)
- Section 6: Ethical aspects
- Section 7: Letter of commitment of the partner organisation (for GF only)

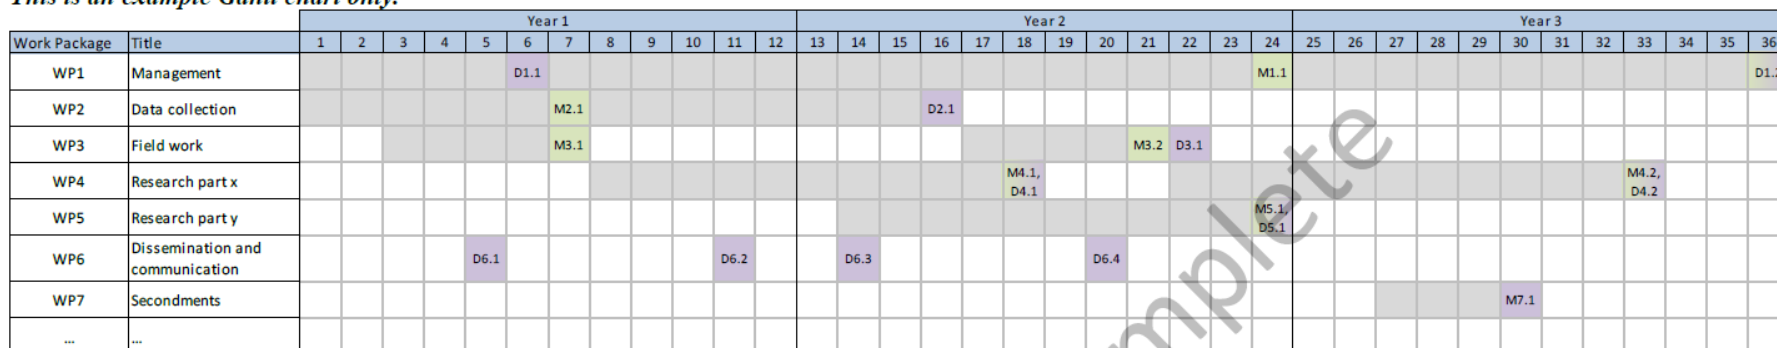

Applicants will not be able to submit their proposal in the submission system unless **both** Parts 1 and 2 are provided **in PDF format** (Adobe version 3 or higher, with embedded fonts).

This is an example Gantt chart only.

Legend

Milestone
Deliverable

Notes:

- The titles of the WPs indicated here do not have to be strictly followed or included in the Gantt chart for your specific proposal. Adapt as needed.
- The number of WPs provided here is an example only. Add or remove WPs as needed.
- Remove any columns for a duration longer than that of your proposal.
- Add as much detail as needed for your proposal.

A **deliverable** is a distinct output of the action, meaningful in terms of the action's overall objectives and may be a report, a document, a technical diagram, software, etc. Deliverable numbers should be ordered according to delivery dates. Use the numbering convention <WP number>.<number of deliverable within that WP>. For example, deliverable 4.2 would be the second deliverable from work package 4.

Milestones are control points in the action that help to chart progress. Milestones may correspond to the completion of a key deliverable, allowing the next phase of the work to begin. They may also be needed at intermediary points so that, if problems have arisen, corrective measures can be taken. A milestone may be a critical decision point in the action where, for example, the researcher must decide which of several technologies to adopt for further development.
