Allocation Process of the Candidates Applying for Studying within the Intergovernmental Scholarship Programs ("ISPs") between the Republic of Azerbaijan and Foreign States

1. General information

Within the ISPs, the education of foreign citizens and stateless persons (henceforth foreigners) is determined in accordance with the terms of the relevant treaties. Foreigners can study at higher educational institutions of the Republic of Azerbaijan at the bachelor's, master's, doctoral degrees as well as basic medical education and residency programs.

The tuition in higher educational institutions of the Republic of Azerbaijan begins on September 15. Preparatory courses are organized for students whose knowledge of the tuition language or specialty does not meet the requirements. The duration of courses is from 6 months to one year and determined by a higher education institution.

In order to participate within the ISPs, the candidatures of foreigners are provided to the Republic of Azerbaijan through diplomatic channels with the corresponding state bodies of the country the candidate(s) are citizens of (Ministry of Education or Foreign Affairs).

The speciality preparation level and tuition language proficiency of the candidates are checked by the higher education institution they applied to, and if the requirements of the educational institution are met, the admission of candidates to the University is officially formalized. The criteria for selection at different higher education institutions students may differ.

2. Financing

Within the ISPs, the education of foreigners is determined on a budgetary basis in accordance with the requirements of the relevant contract. In accordance with the contracts, students are exempt from the payments for tuition fees, accommodation, and medical insurance; furthermore, within the framework of the legislation of the host country, the student is provided with a monthly scholarship. The corresponding costs

are settled by the host country and the international transport costs are paid by the sending country or by the students.
