Nordplus Highlight 2025-2027

“Skills and knowledge for a competitive Nordic and Baltic region”

- **Skills provision** is crucial for the Nordic and Baltic countries as a competitive, sustainable, and equal region. The Nordplus highlight will focus on enhancing skills and competencies that meet the Nordic/Baltic region’s needs of skills supply.
- The emphasis of the highlight is therefore placed on improving basic skills in **language and arithmetic**, which are crucial for success in studies. Knowledge of **STEM** subjects, **AI** skills and **green skills** are also important to stand up to the competition from the rest of the world.

What should the projects be about?

All projects must be cooperation on **education**.

All topics are welcome – the topic must be relevant to the partnership.

NB! All applications will be assessed on an equal footing and do not have to be related to the highlight in order to receive funding
