Current situation

Needs

Basic conditions

Ideas

Project description, Preparatory Visit (questions to answer in the application form)

- Give a short outline of the future project you wish to prepare for
- Which development needs underlie this application and the future project? - What will be the subject and target group(s) of the future project, and which type of project activity do you intend to apply for in the upcoming spring round? - Shortly describe each institution and with what capacity it will participate in the project – i.e. its particular expertise, role and contribution to the project.
- Present an agenda, day by day, for the preparatory visit meeting and indicate date and place. Describe the planned activities and their content. Explain why you chose these activities and how they will benefit the future project.

Preparatory visits

- The partnership must consist of minimum two organisations
- One organisation is the coordinator, who is responsible for submitting the application on behalf of the partnership. The coordinator also receives the total grant and must distribute the grant among partners. The coordinator is also responsible for submitting the final report.
- One organisation in the partnership takes on the role as host. The host does not receive any grant from Nordplus. The grants are for the traveling partners.

Tips and tricks for the application

1. The evaluator must be able to understand the basic project idea. Be as concrete as possible about the future project.
2. The evaluator must be able to see that the application fits with the objectives and target groups of Nordplus Junior. Read about the target groups and possible activities in the Nordplus Handbook.
3. The programme of the visit/visits must correspond to the applied days.
4. Keep it simple!

Here you can choose who will have access to the application. The person who is allowed access to the application needs to register/create an account in Espresso. Following the registration you can choose the person from the list of registered users.

Editor access

Editor access means that the person you give access can make changes in the application.

Search among registered users

Tip: You can give your partners/colleagues reading or editor access so that you can fill in the application form together. Your partner/colleague must create a user account in Espresso so that you can search for him/her in the list.

Read only access

Read only access means that the person you give access can read everything in the application, but not make changes.

Letter of intent – LOI

It is the responsibility of the coordinator to send the letter of intent to each participating organisation.

The coordinating organisation and each partner organisation must do the following with the letter of intent:

- Print the document
- The document must be signed by the legal representative and the contact person by hand (not electronically)
- The signed document must be scanned and sent to the coordinator
- The coordinator attaches all letters of intent to the application in tab 6 "Budget"

NB! If you encounter any problems with the LOIs, please contact us: nordplus@uhr.se

Letter of Intent

The Letter of Intent (LOI) must be **signed** by all participating institutions in the project. The partner institution(s) need to print, sign and return the LOI to the coordinating institution, who then uploads the **signed** LOI:s in the application.

The coordinating institution must also print, sign and upload the LOI for its own institution.

The LOIs are uploaded under the section "Budget"

A Letter of Intent (often called just LOI) is a written agreement where each partner agrees to the participation in the collaboration and to the consequences this entails. These letters are required from each institution in order for the application to be eligible. The person writing the application, most often the project coordinator, sends e-mails with enclosed Letters of Intent to the partners asking them to print and sign their specific Letter of Intent. After printing and signing them, the partners must then return the letters to the coordinator who then uploads them in the application. The Letters of Intent must be uploaded from all the partners and the coordinating institution; furthermore, they must be signed by both the legal representative and contact person of each participating institution

Sending of Letter of Intent

Mark the institutions you want to send the Letters of Intent to. The Letter of Intent will be sent by e-mail to the contact person at the partner institution. (If you want to give individual comments alongside the Letter of Intent, send the Letter of Intent singly to each partner institution).

You can also download the Letter of Intent to your computer by pressing the institution name, and then save it.

4. Project description - Project description

4.1. Relevance Relevance

This is where you present the specific aims of the project. What do you want to achieve with the project? The aims may be described on different levels, e.g. participant level, and organization level.

Which of the specific goal(s) of the Nordplus programme does your project target? Describe how the planned actions within the project address the chosen Nordplus programme goal(s).

Who is your target group and why is the project suited for this group?

Also, present the background and motivation for the project? The project can relate to e.g. specific needs or challenges of participants, be motivated by previous initiatives or specific priorities and focus areas of the organizations.

Explain how each partner in the project benefits and gains from the cooperation and will achieve positive changes in terms of development. All collaboration projects should be based on a reciprocal attitude and understanding.

Present how the project is anchored with management. Do you have support in means of extra time and resources by the headmasters/managements? Are your institutions' managements supportive of the project – how?

Explain what you can gain by cooperating with other Nordic/Baltic countries that you cannot gain on a national level. What is this added value? Why have you chosen each other?

4.1.1. Project aim

Shortly and as clearly as possible describe the aim of the intended project. Explain in which ways the project corresponds with:

- the overall objectives of Nordplus.**
- Nordplus Junior's target groups and type of activities.**

Which school years/age group/type of school programme does the project involve?

The overall objectives

- Strengthen and develop Nordic education cooperation and contribute to creating a Nordic-Baltic education arena.
- Contribute to the development of quality and innovation in education systems for lifelong learning in the participating countries, through cooperation in the education system and in cooperation with the business community.
- Promote and strengthen the understanding of Nordic languages, primarily Danish, Swedish and Norwegian, and promote cultural understanding of a common Nordic- Baltic culture.

What happens after submission of the application?

You will receive an e-mail from the Nordplus administration when the deadline has been passed.

Your application will be assessed by at least 2 evaluators and be recommended for funding or rejection.

The Nordplus Programme Committee formally concludes on the grant proposal of the Nordplus administration on its meeting at the end of April.

During the first week of May, you will receive an answer to your application from the Nordplus administration.

If your project is funded, you will receive a contract, which must be signed before the payment can be transferred. The payment of grants above 15.000 EUR happens in two installments: 80% by receipt of signed contract and 20% by approval of final report.
