Working language: ENGLISH

Number of places in total: 30 composed of 22 European & 8 French people (a minimum of 15 participants is required)

Profile of participants: The study visit is targeted at school inspectors (primary and secondary schools), trainers, school leaders, educational, social and health personnel, experts, guidance counsellors, ministerial representatives. Active participation is expected. The participants should be prepared to share their experiences and suggest a tool or practice which seems relevant in its country regarding the fight against gender stereotypes.

Themes and goals of the event:

How to fight against gender stereotypes? What educational policy is implemented? What actions in terms of communication, school socialization? What are the innovations in educational and teaching practices to fight against gender stereotypes? How to make sure that school & career guidance is giving equal opportunities and advices for girls and boys? How to make sure that the access of girls to scientific and technical subjects is fair?

The participants should be interested in exchanging and developing good practices, methods, materials, tools, pedagogical approaches and/or ways of working in this specific field. Participants would also get information on Erasmus+ & eTwinning opportunities for further cooperation.

Expected results: Sharing experiences, practices and educational policies with other specialists from all over Europe on the topic. Meeting projects, experts and participate actively to workshops in order to enrich practices. Discovering Erasmus + opportunities to go further at European level.

Programme of event: from Monday mid-day to Thursday 14.00. The study visit includes:

- expert presentations;
