Applicants that did not get a founding due to lack of quality in their earlier KA101-consortium applications are welcome attend too.

Themes and goals of the event:

The concept of consortium in School Education is rather new (2015). Many NAs agree that they wish they would have more of them. Consortiums allow a larger number of schools to take part in the Erasmus+ program since administration of the projects is no longer the fact of the schools themselves.

- 1- Possibilities within KA101 consortiums
- 2- Particularities of a KA101 consortium projects
- 3- Presentation(s) of successful and well run KA101-projects consortium
- 4- Project coordination and project management of a KA101 consortium
- 5- Promotion of job-shadowing

Expected results: Participants will send consortium application to the next KA101-round and will have already started cooperation with receiving schools for job-shadowing.
