Title of event: Results Plus: The sound of projects

Starting date of the event: 18/06/2018

Ending date of the event: 23/06/2018

Event venue (city, country): Bucharest, Romania

Working language: English

Number of places in total: approximately 50

Profile of participants: We are inviting to this TC teachers, professors, project managers, educational professionals from institutions and organizations that:

- implement approved Erasmus+ strategic partnership projects

or

- applied and didn't receive financing for Erasmus+ strategic partnership projects.

Professional experience and/or responsibilities in project's communication is a plus.

Context of the event:

For four days the participants will study together DEORish and translated it together in plane English. DEORish is a dialect of Erasmish (another language that could do with a little bit of translation here and there) that stands for **Dissemination and Exploitation of Results**.

The Sound of Projects aims to put the participants and their projects in sync with the world in which each plays with its own instrument creating a symphony by carefully correlating the DEOR activities with the implementation of an Strategic Partnership Erasmus+ project. The music sheet is about the specific terminology related to DEOR (dissemination, exploitation, visibility, promotion, results, etc.) while the violins and drums are the activities, results, communication tools or the stakeholders.

This 4-days event will bring together 50 Erasmus+ musicians (applicants and potential beneficiaries from different sectors - school education, VET, adult education, higher education and youth), offering space for networking and developing future collaborations under Erasmus+ strategic partnership projects.

Themes and goals of the event:

The main objectives of this TC are:

- to understand DEOR concepts, such as: dissemination, exploitation, visibility, promotion, results, etc.;
- to offer participants the adequate tools and methods to plan and carry out effective DEOR activities related to projects' outcomes and outputs;
- to effectively relate to relevant stakeholders within the DEOR activities.

TC's main topics will be:

DEOR's role in achieving project objectives;
Communication and results, indicators and impact;
Stakeholders and DEOR;
Communication objectives;
DEOR plan, methods, tools and resources
DEOR and project sustainability.

Expected results:

By the end of the course, **the participants will be able:**

- to distinguish clearly the elements defining dissemination and exploitation of results in Erasmus+ projects;
- to use the adequate tools to reach the best outputs regarding DEOR activities;
- to adapt online and offline tools to the specific target groups and activities in their projects;
- to design a DEOR plan and assess its results;
- to define impact indicators of the DEOR plan.

During the TC, a guide supporting the understanding and the implementation of DEOR activities in an Erasmus+ projects will be elaborated by the organising NA.

Programme of event: to come
